APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source may be a tributary. It is distinctly understood and agreed that applicant shall cease diversion of water immediately upon notification from the State Engineer that there is a shortage of water in the source herein described. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.2639 cubic feet per second. (Two and 2639/10000)

Actual construction work shall begin on or before May 10th, 1918.

Proof of commencement of work shall be filed before June 10th, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before August 10th, 1918.

Proof of completion of work shall be filed before September 10th, 1918.

Application of water to beneficial use shall be made on or before

May 10th, 1923. Proof of the application of water to beneficial use must be filed with State Engineer on or before June 10th, 1923.

Proof of taking filed MAY 1 1918
